WHAT CAN I DO with a MAJOR in LINGUISTICS/COGNITIVE SCIENCE?

these are all things that our **STUDENTS & GRADUATES** *have actually done!*

BE A PROFESSOR

Collaborate with an indigenous community to Revive their language

Pursue independent Research!

BE ON JEOPARDY!

design a brochure for your department

MEET EXPERTS in the field

Present your Research (IN ENGLAND, SPAIN, ISRAEL)

Education	Language	Business	Technology
Teacher	Linguist	Advertising consultant	Computational linguist
Education researcher	Editor	Hospitality manager	Computer programmer
School administrator	Language teacher	Market researcher	Software developer
Speech therapist	Interpreter	Travel consultant	
Librarian	Translator		
	Voice/dialect coach		
	Speech pathologist		

work for a TECH COMPANY! (GOOGLE, CISCO, MICROSOFT)

travel the world on a WATSON fellowship

DOCUMENT AN ENDANGERED LANGUAGE! (in MALI, TANZANIA)

Work in MEDIA (DISNEY, THE NY TIMES)

Humanities	Social Science/Law	Science	Service
Archivist	Attorney	Technical writer	Military intelligence analyst
Journalist	Forensic linguist	Audiologist	FBI/Military linguist
Researcher	Social worker	Researcher	Peace Corps volunteer
Broadcaster	Legal consultant	Doctor	
		Psychologist	
		Lab manager	

TEACH English abroad! (THAILAND, JAPAN)

The Linguistics & Cognitive Science department offers a multi-disciplinary approach to the study of language and mind, with a focus on the central role of language in understanding the nature of cognition.

The curriculum is intercollegiate, offering courses taught at Pitzer and Scripps as well as Pomona, and multi-disciplinary, offering courses in philosophy, music, computer science, psychology, and neuroscience.

Go to a TOP PHD PROGRAM (STANFORD, MIT, UCLA, USC)

work with Alzheimers or Stroke patients

Enjoy the community (and CUPCAKES) of a close-knit department

go to dental or medical school
